

## 開發悟性功 **Enlightenment Gong**

When we are not worrying about health and finances, what is the next thing we will think about? It must be happiness, but the true happiness comes from being contented inside your heart. In the end this is spiritual happiness and that is 'enlightenment'. This form comes from the Kunlun Dayan Qigong System and it is very good for our potential and opening the Sky Eye but it is also very good for the joints, leg and tendons.
